

April 2010

### **Extended Health Care (EHC) Large Amount Pooling (LAP) level increase for SunAdvantage groups with less than 100 members**

Effective with Sun Life Financial's June renewals (rate effective date), we have increased our EHC Large Amount Pooling (LAP) level for groups with less than 100 members, from \$5,000 per person to \$7,500 per person. This applies to claims within Canada.

The LAP level for groups with 100 or more members will remain at \$10,000 per person.

Due to medical inflation continually eroding the financial impact of the \$5,000 LAP, a higher LAP level is needed to continue to provide a viable product.
