Discover the new DFS website

Desjardins Financial Security has completely re-designed its website to better meet its clients' needs and expectations. The new site is going live on May 31, 2010.

The new design gives our site a look and feel users will appreciate. It also has new features that let them find what they're looking for faster.

Here is a sample of some of the new features:

- Access to various forms directly from the home page, made easier through the use of icons
- Access to our secure sites directly from the home page
- Optimized search engine tool
- RSS feeds to stay up-to-date with DFS news
- **A dedicated section for Group advisors**
 - Accessible directly from the home page
 - Filled with useful information:
 - * DFS service offer
 - * Promotional tools
 - * Communications and newsletters
 - * **Employee Benefits Legislation** summaries
 - Evolutive according to the needs expressed and tools available

Last but not least, since the look has been patterned after the Desjardins Group website, users will be able to find their way around easier and enjoy their visit to our site.

Check out the new site at dfs.ca on May 31st to see all of these changes and more!

If you have any questions about our site, please feel free to contact your account executive or service representative.
